## Profile

Dynamic Full-Stack Developer with expertise in building robust, scalable web applications using modern JavaScript frameworks and backend technologies. Passionate educator delivering engaging computer programming classes and external exam tutorials (WAEC, JAMB, etc.). Adept at creating seamless user experiences and writing clean, maintainable code.

## Skills

- Languages: JavaScript, TypeScript, HTML5, CSS3, Python, SQL, .NET, and many more
- Frameworks/Libraries: React.js, Next.js, Node.js, Express.js, Tailwind CSS, and many more
- Databases: MongoDB, PostgreSQL, MySQL, and many more
- Tools: Git, GitHub, VS Code, Postman, Figma, and many more
- Concepts: REST APIs, Responsive Design, MVC Architecture, Agile Development, and many more

## Experience

### Freelance Full-Stack Developer

*Self-Employed | 2020 - Present*

Develop and deploy dynamic, responsive web applications tailored to client requirements.

Utilize modern frameworks like Next.js and React.js for frontend, and Node.js for backend services.

Integrate databases such as MongoDB and PostgreSQL to ensure efficient data handling.

Implement best practices for security, performance, and maintainability.

### Computer Programming Educator

## *The Creation Tutorial | 2024 - Present*

Conduct programming and computer literacy classes for students of all levels.

Design and deliver lesson plans for external exams like WAEC and JAMB.

Mentor students in both fundamental concepts and advanced topics to foster confidence and skills growth.

## **Education**

Bachelor of Science in Biochemistry

University of Benin | Class of 2022

## **Projects**

### **Calvary Heritage Academy Website**

HTML, CSS, JavaScript - A comprehensive school website with registration forms, dynamic content, and responsive design.

### **Expense Tracker Web App**

JavaScript, Local Storage - A fully functional expense tracker for managing finances.

### **DriveLink Admin Dashboard**

Next.js, TypeScript, MUI - A feature-rich dashboard for a vehicle sharing platform.

## **Certifications**

JavaScript Algorithms and Data Structures - FreeCodeCamp

Responsive Web Design - FreeCodeCamp

## **Interests**

- Building intuitive user interfaces and impactful web apps
- Mentoring aspiring developers and conducting workshops
- Exploring new web technologies and frameworks
